SSN ≪K≫ Name BirthYear Address Country

## Assignment II

- A train has a unique number and a driver. Trains are either local or express, but never both. A station has a unique name and an address. Stations are either main or secondary, but never both. Local trains stop at all stations. Express trains stop only at the main stations. Each stop of a train in a station has a duration time.
  - Design an ODM schema for the database.
